Do I need permission?

- Having a lodger
- Having a pet
- Running a business
- Carrying out repairs or improvements
- Installing a satellite dish
- Building a shed or other outbuilding

If you go ahead without permission you may be asked to stop and return your property to its former state or pay the cost to the Co-op to amend any changes you have made.

Check your tenancy agreement and the Co-op Handbook and contact the Co-op manager for advice.

If in doubt, or it is not on the above list – check first.
